What is the purpose of this Financial Services Guide?

- our name and contact details;
- the financial services we are authorised to provide;
- any remuneration that we, or any other relevant person, may be paid in relation to the financial services we offer;
- how we deal with complaints against us.

General Advice Warning

In providing you with information you should consider the appropriateness of the advice with regards to your particular financial situation and needs. You should consult the FSG and the Accounts and Access Facilities/Product Disclosure Statement and associated general information before making a decision to apply for products with Geelong Bank. To obtain these documents and other general information, contact Geelong Bank.

What other documents might I receive?

When we provide you with financial service, we may also have to provide you with a Statement of Advice or an Accounts and Access Facilities/Product Disclosure Statement. These documents are described below.

Statement of Advice

A Statement of Advice is a document that sets out personal advice we give to you, the basis on which we give the advice, and any benefit or association that may influence that advice we provide to you. The Statement of Advice helps you to make an informed decision about whether to act upon that advice.

We must give you a Statement of Advice when we provide you with advice in relation to a financial product, after taking into consideration your objectives, financial situation or needs. We will not provide you with a Statement of Advice if our advice relates only to basic deposit products, non-cash payment facilities or cash passports.
